PROFILE

Trying to make myself better with working environments. I'm a code enthusiast. I love development. I love learning new technologies. Specially I have an interest in Artificial Intelligence and Machine Learning. I have worked on several projects on AI and ML. As well as I used PHP & MYSQL as my first framework in my first year project. I have experience working in Flutter, Python, Java, C++, and MERN.

WORK EXPERIENCE

■ **June 2024 - October 2024**
GAOTek inc.

Intern

- I was working as a WordPress Web Developer intern and product upload manager with GAOTek.
- I was responsible for designing and developing user-friendly websites, optimizing site performance, and implementing SEO best practices.

■ **Dec 2023-Present**
NSU Debate Club

Sub-Executive

- I have been assigned in the debate development department. My Responsibility is to manage upcoming tournaments and reports as well as managing the weekly sessions.

■ **Jul 2022-Aug 2022**
TechTrioZ

Data Entry Operator

- I was assigned to a government project of named "The National Student Assessment 2022". My job was to entry the data digitally on server directly from the hardcopies that are surveyed from the school students.
